

# Only God Knows Why

## Kid Rock

I've been sittin' here  
Tryin' to find myself  
I get behind myself  
I need to rewind myself Lookin' for the payback  
Listen for the playback  
They say that every man  
Bleeds just like me And I feel like number one  
Yet I'm last in line  
I watch my youngest son  
And it helps to pass the time I take too many pills  
It helps to ease the pain  
I made a couple o' dollar bills  
Still I feel the same Everybody knows my name  
They say it way out loud  
A lot of folks fuck with me  
It's hard to hang out in crowds I guess that's the price you pay  
To be some big shot like I am  
Out stretched hands and one night stands  
Still I can't find love And when your walls come tumblin' down  
I will always be around And when your walls come tumblin' down  
I will always be around People don't know  
'Bout the things I say and do  
They don't understand  
'Bout the shit that I've been through It's been so long  
Since I've been home  
I've been gone  
I've been gone for way too long And maybe I forgot  
All things I miss  
Oh, somehow I know  
There's more to life than this I said it too many times  
And I still stand firm  
You get what you put in  
And people get what they deserve Still I ain't seen mine  
No, I ain't seen mine  
I've been givin', just ain't been gettin'  
I've been walkin' that there line So I think I'll keep a walkin'  
With my head held high  
I'll keep movin' on  
And only God knows why Only God, only God

Only God knows why  
Only God knows why, why, why  
Only God knows why Take me to the river, hey  
Take me to the river, hey, hey, hey
