Give It Up

Alice Cooper

You got your sugar
You got your spice
You got a kitten
Now isn't that nice
You just can't wait for a picnic in Spring
I just get nauseous
When I think of those thingsYou wait and wait and you wait for a lifetime
For a little piece of cake in the night time yeah
You wait and wait you can't wait any longer
You wait and wait, couldn't be any wronger noGive it up
Don't let it get you down
Give it up
You really really blew it
Give it up
Turn your head aroundYou shop around for a sensible car
You hold your breath when you wish on a star
You settle down in a warm little house
You make some babies with your warm little spouse
Ah, how niceYou wait and wait and you wait for a lifetime
For a little piece of cake in the night time yeah
You wait and wait you can't wait any longer
You wait and wait, couldn't be any wronger noGive it up
Don't let it get you down
Give it up
You really really blew it
Give it up
Turn your head aroundJust when you got it made
And all your bills are paid
You stumble and fall into your grave
Ah, too badYou wait and wait and you wait for a lifetime
For a little piece of cake in the night time yeah
You wait and wait you can't wait any longer
You wait and wait, couldn't be any wronger noGive it up
Don't let it get you down
Give it up
You really really blew it
Give it up
Turn your head around
