

Southern Cross

Nine Black Alps

This southern cross is full of holes
Frozen and over
Another shark that never shows
Right until it's everywhere I tried to make it
I tried to make it alright, alright So what do I do?
Yeah, what do I do?
Oh yeah, yeah You should of said, you should've known
Known you go nowhere
Another friend that never shows
Right when you need them More than I could ever
And ever made it alright, alright So what do I do?
Yeah, what do I do?
Oh yeah, yeah And I tried to make it
I tried to make it alright, alright So what do I do?
Yeah, what do I do?
Oh yeah, yeah
Oh yeah, yeah
