

# Flames

Vast

Close your eyes, let me touch you now  
Let me give you something that is real  
Close the door, leave your fears behind  
Let me give you what you're giving me You are the only thing  
That makes me want to live at all  
When I am with you  
There's no reason to pretend That when I am with you I feel flames again  
Just put me inside you I would never ever leave  
Just put me inside you I would never ever leave you
