

Coming Up

Paul McCartney

You want a love to last forever
One that will never fade away
I want to help you with your problem
Stick around, I say
It's coming up, it's coming up
Coming up (like a flower)
Coming up (yeah) You want a friend you can rely on
One who will never fade away
I know you're searching for an answer
Stick around, I say It's coming up, it's coming up
Coming up (only hour)
Coming up (yeah) You want a better kind of future
One that everyone can share
You're not alone, we all could use it
Stick around we're nearly there It's coming up, it's coming up
Coming up (like a flower)
Coming up You want a love to last forever
One that will never fade away
I'd like to help you with your problem
Stick around, pretty baby, I say
It's coming up, it's coming up
It's coming up (like a flower)
It's coming up, pretty baby, I wanna say Coming up (only hour)
Coming up (yeah yeah yeah)
Coming up (pretty baby)
Coming up (oh, you better believe it)
Coming up (like a flower)
Coming up Coming up
