You Are

Kidedo, Klooz

Looking for meaning, looking for love
Looking for something to never give up
You are the one
You are the one
Looking for purpose in all of the pain
Looking for someone to hold in the rain
You are the one
You are the one
And you are life, more beautiful
You are love, more powerful
You are the light that always shines
You are the one
You came in my darkness, you came in my night
You came without warning, you came to my side
You are the one
You are the one
And there's no before you, there's no too late
There's no without you, there's only today
You are the one
You are the one
You are life, more beautiful
You are love, more powerful
You are the light that always shines

You are the one
You are the song I want to sing
You are here, you are everything
You are the light that always shines
You are the one
And I will never move on from you
Oh, oh, I will never move on from you, yeah
You are life, more beautiful
You are love, more powerful
You are the light that always shines
You are the one
You are the song I gotta sing
You are here, you are everything
You are the light that always shines
You are the one

You are the one
You are the one
You are the light that shines
You are the one
And I will never move on from you
I will never move on from you
