Jesus Loves You

Garry Moore

(Chorus)
When life gets hard take it to the lord
he wont be far
he's walking through the dark with you
never give - up Jesus loves you
when the world is cold and everything folds
he will be there to warm your soul and comfort you
never give up - Jesus loves you
(1st Verse)
when you're feeling down all the way to the ground
remember he's watching over you
and he's gonna see you through
it's a heavy load and you know he knows
how much you're able to bear
you can take it to the lord in prayer
(Chorus)
When life gets hard take it to the lord
he wont be far
he's walking through the dark with you
never give up - Jesus loves you
when the world is cold and everything folds
he will be there to warm your soul and comfort you
never give up - Jesus loves you
(2nd Verse)
When you're all alone and your friends are gone
he'll be your closest friend
he'll stay with you to the end
you've been torn apart got a broken heart
he'll put you back together again
the brokenhearted he can mend
(Chorus)
When life gets hard take it to the lord
he wont be far he's
walking through the dark with you
never give up - Jesus loves you
when the world is cold and everything folds
he will be there to warm your soul and comfort you
never give up - Jesus loves you
(Rap)

Jesus loves you oh yes he does
it's agape love coming from heaven up above
no greater love has no man than this
than that a man lay down his life for his friends
Jesus loves you he died for you and me
his sacrificial death it set the captives free
every burden removed every yoke destroyed
so lift those hands yall everybody rejoice
(Repeat Chorus)
When life gets hard take it to the lord
he wont be far
he's walking through the dark with you
never give up - Jesus loves you
when the world is cold and everything folds
he will be there to warm your soul and comfort you
never give up - Jesus loves you
