Without You

Martin Nievera

Without you to hold me
And heal my heart
To guide me and keep me
From falling apartMy life is so empty
So hallow and cold
Footsteps and echoes
Of nowhere to goWithout you, without you I know
Im all alone
I cant go on this way
Day by dayWithout you without you I know
I cant let go
I want you here to stay
Every dayWithout you who am I
What am I to do
My lifes out of focus
And so are my viewsI need you to give me
The strength to go on
A reason for hope
and writing this songWithout you, without you I know
Im all alone
I cant go on this way
Day by dayWithout you without you I know
I know I cant let go
I want you here to stay
Every dayWithout you, without you I know
Im all alone
I cant go on this way
Day by dayWithout you without you I know
I know I cant let go
I want you here today
Every dayWithout You..
