

# Loitering

## Harold Budd; Robin Guthrie

cam erlim, is that it?  
oh no, cam rellim, haha  
cam rellim at your service, with these verses  
[verse 1: mac miller]ay yo i?m park bench chillin?, burger patty grillin?  
everybody love to say my name is rumpelstiltskin  
call up wolfgang puck, tell me come and bring a meal in  
my stomach full, i'll go against the world like scott pilgrim  
way above the building, bungee jumpin? down  
they say i?m gettin? trendy like i come after a pound sign  
hashtag mac, this ain?t backpack rap  
give a fuck bout what you sayin? after platinum plated plaques  
take it back, cookin? on them hoes, you can make a casserole  
mad that i can rap so well, and everything on factual  
ain?t worth it, if not laughable, i?m off the wall as racquetball  
dick that keep your girl awake all night, they call is adderall  
youngin? on his grind, workin? harder than your dad work  
black shirt, \*rellim cam\*, that?s my name said backwards  
ask first, hell nah, treat em? like a bellhop  
let em hold my bags and give a tip for that ass, boy  
[hook]i?m too old to be chillin? at the playground  
say i?m too old to be chillin? at the playground  
never be too old to be chillin? at the playground  
  
shorty come and kick it at the swings  
i?m way too old to be chillin? at the playground  
say i?m too old to be chillin? at the playground  
cops comin?, muthafucker stay down  
girl i'll be waitin? at the swings  
[verse 2: mac miller]ay yo i?m blue park slidin?, go-cart drivin?  
got this rap shit down to a science  
my louie belt way nicer than orion?s, confined to an assignment  
you won?t finish in the kitchen, like appliance  
is just a muthafuckin? kid, say my head is gettin? big  
no that?s my ego, trippin? somewhere where they need a ski-slope  
rockin? in the fall like a pea-coat, freaks with a deep throat  
students run the class, y?all should keep notes  
drunk then i?m hard to understand, don vito  
ace in the casino, i?m robert de?niro  
i be low, key though, young nino with my jeans low

your girl love it when i speak slow, she go \*moaning\*  
you can hear the way she's moaning  
started back at midnight, had it 'til the morning  
wake up with some morning wood  
hit it before work, yeah i'm sure she would  
all my female fans like 'i'm sure it's good?  
[hook]
