

# Tropical Oceans

**D.D Dumbo**

My eyes blew out I could finally see  
Warm magical tropical oceans  
Organs of people circle the sea  
I fell back to perpetual motion

I opened my skull you were looking at me  
Oh you and your cousins chihuahua  
We all howled a chord and extended the three  
Freddy was there and re-mixed it after

My eyes blew out I could finally see  
Warm magical tropical oceans  
Organs of people circle the sea  
I fell back to perpetual motion
