

# Freedom

Nathan Sykes

Been living with this feeling for way too long  
And its getting much stronger now  
When I tell you that I'm leaving and I think I'm done  
You wrestle me to the ground  
You don't want me but you're holding on You kept me caged like an animal  
And although your love is incredible  
Now it's all said and done  
You better believe I'm gone Oh baby please won't you let me go  
Oh baby please 'cause I need a little freedom  
Oh baby please won't you let me go  
Oh baby please  
Oh I need a little freedom  
Oh I need a little freedom Why do you put me through this, is it all for fun?  
What's with the punishment? Hey  
And I'm picking up the pieces of a broken heart  
That I won't let you touch again  
Oh  
You don't want me but you're holding on Your kept me caged like an animal  
And although your love is incredible  
Now it's all said and done  
You better believe I'm gone Oh baby please won't you let me go  
Oh baby please 'cause I need a little freedom  
Oh baby please won't you let me go  
Oh baby please  
Oh I need a little freedom  
Oh I need a little freedom  
Oh I need a little freedom  
Oh I need a little freedom  
Freedom, baby So I don't know what I did to ya but I'm saying that I'm sorry babe  
And I need a little freedom  
I said I don't know what I did to ya and I'm saying that I'm sorry baby  
Yeah babe Oh baby please won't you let me go  
Oh baby please 'cause I need a little freedom  
Oh baby please won't you let me go  
Oh baby please  
Oh I need a little freedom  
Oh I need a little freedom  
Oh I need a little freedom  
Oh I need a little freedom

Freedom baby
