

# Persona Grata

## Joan Armatrading

Can you feel  
How close we are  
Can you tell  
That this is real  
Make up your mind  
Cos any way you want it baby  
Hey  
You got it Power over me  
I'm your whipping boy  
I can positively say I am in love with you  
I am in love with you  
I am in love with you  
I am in love with you Here you are  
All I've waited for  
Bap par dap, ah Now I give my heart to you  
Take it all now  
Make me feel good  
It can make you feel good too Hey  
You got it  
Don't waste precious time  
Said anyway you want it baby  
Hey  
You got it
