

Take A Trip

Cassidy

Beautiful day
It's a beautiful day
What a beautiful day
Start up the engine
We rollin' in the six fo' and all your hearin' is
All your hearin' is, all your hearin' is
Flyin' in the G-Fo' and all your hearin' is
All your hearin' is, all your hearin' is
Can we take a trip? Baby I don't mind
There we go, long as you're all mine
We could drive or walk, baby we can fly
Long as you take me away, I'll be makin' you say
I'm flying in the G-Fo' and when I land
You should be standin' there with the keys in your hand
Then we ridin' in the six fo', you my chick so
All them other chicks I was with can call it quits yo
You the chick I with yo and I don't like to kiss
But every time we kiss, I can't let your lips go
I love you like my pistol with you I stay safe
So you can stay straight we gon' have to vacate
And go take a trip yo, go and relax
You can shop when you land, you don't even need to pack
I ain't lettin' this go, I'm holdin' on it for life
Tomorrow night, boo we boardin' the flight, aight
Can we take a trip? Baby I don't mind
There we go, long as you're all mine
We could drive or walk, baby we can fly
Long as you take me away, I'll be makin' you say
Ooh my, ooh my
Baby don't stop, daddy you'll be makin' me say
Ah ah, ooh ah
La, la, la, la, la, la
I'm sailin' on Swizz yacht, you know I get gwap
I can spend about house money just on a wrist watch
So you know my chick hot and got a nice face
But she got a tight waist, she in tip-top shape
But still thick like Grits-top
Without effort, she break records like a disk jock
Shawty 'bout to get got 'cause she hard as nails

She that broad, it ain't hard to tell
Well me and shawty live life then I took her to bed
And before she fell to sleep, I said
Girl I love you more than hip-hop, you a woman, a wife
I think I finally met a woman I like, right
Can we take a trip? Baby I don't mind
There we go, long as you're all mine
We could drive or walk, baby we can fly
Long as you take me away, I'll be makin' you say
Ooh my, ooh my
Baby don't stop, daddy you'll be makin' me say
Ah ah, ooh ah
La, la, la, la, la, la, la
The ball Cas' serious, are you hearin' this?
Are you hearin' this? Are you hearin' this?
She'd be delirious of the experience
'Cause I'm a straight thug that know how to make love
If she ain't on her period, then I'm gettin' it done
I gotta let her feel the tip of the tongue
Then ride out like a chariot, so even if I'm gone
She can't forget about the trip we was on, come on
Can we take a trip? Baby I don't mind
There we go, long as you're all mine
We could drive or walk, baby we can fly
Long as you take me away, I'll be makin' you say
Ooh my, ooh my
Baby don't stop, daddy you'll be makin' me say
Ah ah, ooh ah
La, la, la, la, la, la, la
We rollin' in the six fo' and all your hearin' is
All your hearin' is, all you're hearin' is
Flyin' in the G-Fo' and all your hearin' is
All your hearin' is, all your hearin' is
