Lotus Flower (Live at OpenAir, St Gallen, 2016)

Radiohead

I will shape myself into your pocket Invisible

Do what you want

Do what you wantI will shrink and I will disappear

I will slip into the groove and cut me off

And cut me offThere's an empty space inside my heart

Where the weeds take root

And now I'll set you free

I'll set you freeThere's an empty space inside my heart

Where the weeds take root

So now I'll set you free

I'll set you freeSlowly we unfurl

As lotus flowers

'Cause all I want is the moon upon a stick

Just to see what if

Just to see what is

I can't kick your habit

Just to fill your fast ballooning head

Listen to your heartWe will shrink and we'll be quiet as mice

And while the cat is away

Do what we want

Do what we want There's an empty space inside my heart

Where the weeds take root

So now I'll set you free

I'll set you free'Cause all I want is the moon upon a stick

Just to see what if

Just to see what is

The bird lights float into my roomSlowly we unfurl

As lotus flowers

'Cause all I want is the moon upon a stick

I dance around the pit

The darkness is beneath

I can't kick your habit

Just to feed your fast ballooning head

Listen to your heart
