# Surrender

## Bellefire

[All:]
When you caught my eye
I could feel inside
Desire
You came up and you smiled
You said you'd stay awhile
I'm on fire
Have I been on your mind?
Will you love me all the time?
While we're together
If you wanna be with me
That's the way it's gotta be
Baby, surrender[Ciara:]
I heard when a guy really loves a girl
He'd run around the world chasing her
But what you guys don't realize
Is that we're chasing you in reverse
So if you're wanting me
Baby try a bended knee
Cause...[All:]
When you caught my eye
I could feel inside
Desire
You came up and you smiled
You said you'd stay awhile
I'm on fire
Have I been on your mind?
Will you love me all the time?
While we're together
If you wanna be with me
That's the way it's gotta be
Baby, surrender[Ciara:]
You look just like a dream come true
I'm so glad that I'm with you
Don't act like you know what we should do
Bet i could show you a thing or two
So if your wanting me
Baby nothing comes for free[All:]
When you caught my eye

I could feel, feel inside
You came up and smiled
You said you'd stay, stay awhile
Have i been on your mind?
Will you love me all the time?
If you want to be with me
Baby, surrender.....[All:]
When you caught my eye
I could feel inside
Desire
You came up and you smiled
You said you'd stay awhile
I'm on fire
Have I been on your mind?
Will you love me all the time?
While we're together
If you wanna be with me
That's the way it's gotta be
Baby, surrender
