Fire n Gold

Bea Miller

Like a astronaut that's scared of heights
With a heart that's beating at the speed of light
You've been waiting for this feeling all your life
Sometimes it's just hard to realizeWhen you're stuck in a moment
And your spark is disowning
This is our time to own it
So own itBaby, we were born with
Fire and gold in our eyes, eyes
With fire and gold in our eyes, eyes
Got lightning in a bottle
Hands on the throttle
Even in the dust we shine
With fire and gold in our eyesThere is something different about you and I (about you and I)
And I feel like I have known you my whole life
There is beauty behind every tear you've cried
Sometimes it's just hard to realizeWhen you're stuck in a moment
And your spark has been stolen
This is our time to own it
So own itBaby, we were born with
Fire and gold in our eyes, eyes
With fire and gold in our eyes, eyes
Got lightning in a bottle
Hands on the throttle
Even in the dust we shine
With fire and gold in our eyesThere is love inside this madness
We are walking on the moon
Though I don't believe in magic
I believe in me and you
Ooh, ooh
I believe in me and you
I believe in me and youBaby, we were born with
Fire and gold in our eyes, eyes
With fire and gold in our eyes, eyes
Got lightning in a bottle
Hands on the throttle
Even in the dust we shine
With fire and gold in our eyesYeah, yeah, yeah
Ooh (yeah yeah)
Yeah yeah yeah yeah yeah
