

Fuck Him He's A Dj

Ke\$ha

Drop this
Drop this
Drop drop this this this this
Drop this
Drop this
Drop drop this track

He's a stereotype
He's got the baseball cap
And he's building the hype
As he's feeding me this hot track
Oh, he's feeding me this hot track
Oh oh

You see we share the same guy
With that same load
I never wanna stop
I don't wanna give him up
Nah, I don't wanna give him up
Nah nah

I I I I am losing time
As you're feeding me this hot track
I I I know what I've got on
My mind

Fuck him he's a DJ
All night long he's got the beat
Fuck him he's a DJ
He playing that song it works for me
Fuck him he's a DJ
All night long he's got the beat
Fuck him he's a DJ
He playing that song it works for me

Now he's loving me up
With the bassline phat
It's an aphrodisiac
Just watching you like that
Oh, just watching you like that

Oh oh

I I I I am losing time
As you're feeding me this hot track
I I I know what I've got on
My mind

Fuck him he's a DJ
All night long he's got the beat
Fuck him he's a DJ
He playing that song it works for me
Fuck him he's a DJ
All night long he's got the beat
Fuck him he's a DJ
He playing that song it works for me

Hmm
Drop this track
Drop this track (for me)
Ah ha ha ha
Ah ha ha ha
Ah ha ha ha
Ah ha ha ha

Fuck him he's a DJ
All night long he's got the beat
Fuck him he's a DJ
He playing that song it works for me
Fuck him he's a DJ
All night long he's got the beat
Fuck him he's a DJ
He playing that song it works for me
Fuck him he's a DJ
