Inverted Churches

Abomination

Gods' zombies eat the mind
Of the dead guts entwine
Dogs of war upon the throne
Drink the blood crush the boneDie rot in hellSarcophagus is open wide
Stench of death from inside
The corpses of the dead
Rise to eat life we dreadBlind fear terrorInverted church a cross is burning
Evil one your God is turning
To a force that is twice as strong
The lord Satan commands us allCan you see the fallen beast
Massacre a blood feast
To keep me pure I eat your heart
Such a glory to be torn apart
