

Healthy Love

Robyn

Have you ever have that strange feeling?
Something is just not right
So lately is a kind of changing
Into someone you don't know is right
You can't figure out why all you do is fine
You don't understand why you're so sure it is a lie
You give, he takes, he gives, you turn away
Healthy love, something that I'm scared of
Feels like a conspiracy
Why is theese so nice to me
Healthy love, something I'm dreaming of
When he's gone he's all I want
When he's gone I can't go on
Healthy love (healthy love)
Healthy love
When he's gone I can't go on. Listen to yourself
His heart is yours
But I hear hear his trying
All you do is ask for more
How can a girl be sure
When her heart is sore
She can alfoy to ignore that tomorrow he might walk out the door
You give, he takes, he gives, you turn away (why do you turn away? Turn away!)
Healthy love, something that
I'm scared of
Feels like a conspiracy
Why is theese so nice to me
Healthy love, something I'm dreaming of
When he's gone he's all I want
When he's gone I can't go on
Healthy love (healthy love)
Healthy love
When he's gone I can't go on. Healthy love
