

Army of the Lord

Hopesong

Sing to God a song of triumph
Sing when the way grows long
Walking on this holy highway
Sing to God a new song

Marching on this royal highway
Army of the lord
Faces shining, hearts are burning
Onward for the reward

Sing to God a song of triumph
Sing when the way grows long
Walking on this holy highway
Sing to God a new song

There's a people pressing onward
Robes are pure and white
Lifes surrendered, hearts believing
For their God they will fight

Sing to God a song of triumph
Sing when the way grows long
Walking on this holy highway
Sing to God a new song

Glorious captain, undefeated
Leads us in the fight
Till the foe will bow before him
Oh my Lord what a sight

Sing to God a song of triumph
Sing when the way grows long
Walking on this holy highway
Sing to God a new song

Sing to God a new song!!
