

# Live Right Now

Alexis Spight

(Verse 1)

Irrevocable decisions, irreversible mistakes  
Irretrievable conversations, irreplaceable day

What can I do about what's gone

It's like holding on to the fog

It's impossible(Verse 2)

Undeniable nature, uncontrollable pain  
Understandable emotions, unconditional fate

Tell me what can I do about what's lost

It's like hiding light in the dark

It's impossible(Bridge 1)

I can't live life in rewind

So I turn my eyes to the moment(Chorus)

And I'm gonna live

I'm gonna live now

I'm gonna live

I'm gonna live right now I'm gonna live

I'm gonna live now

I'm gonna live

I'm gonna live right now(Verse 3)

Irrational promises, irrefutable regrets  
Irreparable damages, irremovable debts  
Tell me what can I do about what's been

It's like counting dust in the wind

It's impossible(Bridge 1)

I can't live life in rewind

So I turn my eyes to the moment(Chorus)

And I'm gonna live

I'm gonna live now

I'm gonna live

I'm gonna live right now I'm gonna live

I'm gonna live now

I'm gonna live

I'm gonna live right now(Bridge 2)

All I can do is forgive myself for yesterday

And live

Live right now

I'm gonna live right now Ooooooh... woooah...(Chorus 2x)...
