

Home (Tim Palmer Mix)

Blue October

I'll smile if I want to
I'm not afraid, gonna flaunt it too
What a glow when you're living true
Yeah I'm living for the right now
I had a few friends show me how yeah
I take a deep breath and blow it out
Let it go But listen I
I can't wait to see what's around the corner
I can't wait to soar
Baby, I lie awake and I watch you sleeping
Thinking it's the little things that make a home Like dancing in the kitchen in the pale moonlight
Only care in the world is that our kids are all right
Daddy loves momma and momma loves him
Tomorrow we get to do it over again So smile at me baby, take my breath away
With the good Lord willing, I'll be happy to say
That daddy loves momma and momma loves him
Tomorrow we get to do it over again I feel like I'm gonna win
And I'm as proud as I've ever been
'Cause I'm surrounded with some good friends yeah
Good friends, good friends aha ha
I'm forever like a tattoo, yeah
I stay sticky 'cause I gotta be the glue for
My girl, my friends, my home, family, I do it all Truly I can't wait yeah
To see what's around the corner I
Can't wait to soar
But baby, I lie awake and I watch you sleeping
Thinking it's the little things that make a home yeah 'Cause we'll be dancing in the kitchen in the pale moonlight
Only care in the world is that our kids are all right
Daddy loves momma and momma loves him
Tomorrow we get to do it over again So smile at me baby, take my breath away
With the good Lord willing, I'll be happy to say
That daddy loves momma and momma loves him
Tomorrow we get to do it over again We found
Our home
Something we can build for years The young
And old
I'll be there to wipe your tears We all get to see
Who we grow up to be
And anchor when in doubt

An ocean when in drought We aim for it all
We lift of these walls
To make this house our home Dancing in the kitchen in the pale moonlight
Only care in the world is that our kids are all right
Daddy loves momma and momma loves him
Tomorrow we get to do it over again So smile at me baby, take my breath away
With the good Lord willing, I'll be happy to say
That daddy loves momma and momma loves him
Tomorrow we get to do it over again Dancing in the kitchen in the pale moonlight
Only care in the world is that our kids are all right
Daddy loves momma and momma loves him
Tomorrow we get to do it over again So smile at me baby, take my breath away
With the good Lord willing, I'll be happy to say
That daddy loves momma and momma loves him
Tomorrow we get to do it over again
