I Found Someone

[Cher](#)

Don't you know
So many things they come and go?
Like your words that once rang true
Just like the love I thought I found in youAnd I remember the thunder
Talkin' 'bout the fire in your eyes
But you walked away when I needed you most
Now, maybe baby, maybe babyI found someone
To take away the heartache
To take away the loneliness
I've been feelin' since you've been gone
Since you've been goneDry your eyes
I never could bear to see you cry
Someday your love will shine through
And show you the feelings if you never really knewBaby don't you lose that thunder
Talkin' 'bout the fire in your eyes
You're lookin' at me but you still don't believe
That maybe baby, maybe babyI found someone
To take away the heartache
To take away the loneliness
I've been feelin' since you've been gone
Since you've been goneToo long on the borderline
Wonderin' if your love was really mine
But you left me with open eyes
And when I realizedBaby I found someone
To take away the heartache
To take away the loneliness
I've been feelin' since you've been goneBaby I found someone
To take away the heartache
To take away the loneliness
I've been feelin' since you've been gone
Since you've been gone
