Go Away

Eisley

I am a part of your soul, boy
And when you say you're gone
I have to reach my arms outstretched to you
'Cause I know we're throughSo go away, yeah, go away
And leave me on my own
Go away, go away
Leave me on my ownFinally it all made sense
I could keep this all from you
And I can make a statement based on truth
But then it all comes tumbling down
Down, down, downSo go away, yeah, go away
And leave me on my own
Go away, go away
Leave me on my ownWon't you go away, yeah, go away
And leave me on my own
Go away, go away
Leave me on my ownI am holding you
I am holding you
I am holding youGo away, yeah, go away
And leave me on my own
Go away, go away
Leave me on my ownWon't you go away, yeah, go away
And leave me on my own
Go away, go away
Leave me on my ownHoney, leave me on my own
Leave me on my own
Leave me on my own
