

# The Moonbeam Song

[Harry Nilsson](#)

Have you ever watched a moonbeam as it slid across your windowpane  
Or struggled with a bit of rain or danced about the weathervane  
Or sat along a moving train and wondered where the train has been? Or on a fence with bits of crap around its  
bottom  
Blown there by a wind beam who searches for the moonbeam  
Who was last seen Looking at the tracks of the careless wind beam  
Or moving to the tracks of the tireless freight train  
And lighting up the sides of the weathervane  
And the bits of rain and the windowpane  
And the eyes of those who think they saw what happened Have you ever watched a moonbeam as it slid across  
your windowpane  
Or struggled with a bit of rain or danced about the weathervane  
Or sat along a moving train and wonder where the train has been? Looking at the tracks of the careless wind  
beam  
Or moving to the tracks of the tireless freight train  
And lighting up the sides of the weathervane  
And the bits of rain and the windowpane  
And the eyes of those who think they saw what happened
