# OK Nightmare

## Caviar

Things that we're taking
It's just transportation, no wires
International dust
Getting sucked, till I have no desiresMaybe, I can't get sauced
Maybe, I'll just get messed
Maybe, I can't keep up
Maybe, I'll just confessDid you waste all your time?
Did you get too high?
Did your wings just melt?
Did you tap the sky?
Watch you run and trip
When your lips are plied
Well, sure as shit, ain't suicide
No, no, no fear
Okay nightmareThings that we're taking
It's just transportation, no wires
International dust
Getting sucked till I have no desiresMaybe, I can't get sauced
Maybe, I'll just get messedDid you waste all your time?
Did you get too high?
Did your wings just melt?
Did you tap the sky?
Watch you run and trip
When your lips are plied?
Well, sure as shit, ain't suicide
No, no, no fear
Okay nightmareWatch you run and trip
When your lips are plied?
Well, sure as shit, ain't suicide
No, no, no fear
Okay nightmare{In case you didn't get that
The first time around
Rewind your cassette
And listen to it again}Did you waste all your time?
Did you get too high?
Did your wings just melt?
Did you tap the sky?
Watch you run and trip
When your lips are plied?

Well, sure as shit, ain't suicide
No, no, no fear
Okay nightmareWatch you run and trip
When your lips are plied?
Well sure as shit, ain't suicide
No, no, no fear
Okay nightmare
