

# Carolyn's Bootie

## The Presidents Of The United States Of America

I caught a glimpse of Carolyn's Bootie  
As she was going from the bathroom into my bedroom (into my bedroom)  
Somethin' about a curse did something to my penis  
She's got the curves just like on the Venus de Milo (Venus de Milo)

Later on, I laid my hands on her  
Later on, I laid my hands on her  
Later on, I laid my hands on her  
Later on

I caught a glimpse of Carolyn's Bootie  
As she was getting dressed for work in my room (in my room)  
I saw the moonbeam shine on her bootie,  
I saw the sunbeam shine on her butt, I like it (me like it)

Later on, I laid my hands on her  
Later on, I laid my hands on her  
Later on, I laid my hands on her  
I want to kiss some bootie

Curvaceous  
So delicious  
Mmmm Nutritious  
be...bodacious
