Do you know me

Ika

Then why haven't I heard
Heard from you before till now
Since I got a new job, bought me a drop top
People thinkin' that I'm ballin' and I'm really not
Why you tryin' to make me illegitimacy
Not a thing comes free
Be glad I got my best
(Every time that I'm victorious)
Why you wanna talk to me
(There's a million questions seem to erupt)
Do you know me?
Do you know me, 'cause I don't know you
And if you say you know me
Why haven't I heard
Heard from you before till now
When you see me around and I never look down
Do you think it's 'cause I moved uptown
Then you might be right, 'cause my game is tight
Better open your eyes, you'll never see a chance
If you can't see mines
(Every time that I'm victorious)
Why you wanna talk to me
(There's a million questions seem to erupt)
Do you know me?
Do you know me, 'cause I don't know you
And if you say you know me
Why haven't I heard
Heard from you before till now
I never seen you until I made it
Where were you when a sista was waitin'
I know I've seen your face before
Why are you knockin' on my door
Do you know me?
Do you know me, 'cause I don't know you
And if you say you know me
Why haven't I heard
Heard from you before till now
I never seen you until I made it
Where were you when a sista was waitin'

I know I've seen your face before
Why are you knockin' on my door
Do you know me?
Do you know me, 'cause I don't know you
And if you say you know me
Why haven't I heard
Heard from you before till now
Do you know me, 'cause I don't know you
And if you say you know me
Why haven't I heard
Heard from you before till now
Do you know me, 'cause I don't know you
And if you say you know me
Why haven't I heard
Heard from you before till now
Do you know me, 'cause I don't know you
And if you say you know me
Why haven't I heard
Heard from you before till now
