

Meaningless

Anthony Evans

Chasing a dream
So many things capture my affection
Running ahead I've been a mess, losing my perspective
This is my obsession
Always chasing the wind
Left with nothing in the end

Chorus:
It's meaningless without you
It's Meaningless these treasures I possess
Only you, you satisfy and only you sustain my life
Without you, it's meaningless

Feeling you near its coming clear
You've got my attention
You're filling the void killing the noise
Focus my direction
With intimate insistence you overwhelm my senses
All I need's before me now

Chorus
It's meaningless without you
It's Meaningless these treasures I possess
Only you, you satisfy and only you sustain my life
Without you, ohh

I'm breathing but I can't survive
I'm living but I'm not alive
Without you, without you

Chorus:
It's meaningless without you
Meaningless these treasures I possess
Only you, you satisfy and only you sustain my life
Without you

It's meaningless without you
It's Meaningless these treasures I possess
Only you, you satisfy and only you sustain my life
Without you, without you

It's meaningless
Without you it's meaningless
My life without you is meaningless
