Cocteau Twins

Here am I at a loss, I don't know what to do
Feel like a waterless Nile
Come here, just hold me to feel safe enough to some
Daring to senses sureA fable look what happens when I don't risk losing you
There's no guarantee
How are we to know if the response is coming
I'm in the wrong placeIs it like a, is it like a
Is it like a dream
How does it, how does it
Seem very untrueIs it like a, is it like a
Is it like a dream
How does it, how does it
Seem very untrueI feel a connection, a deep connection
But it's not reflected
In time spent together
It's reflected cycle, clear imaginaryIs it like a, is it like a
Is it like a dream
How does it, how does it
Seem very untrueIs it like a, is it like a
Is it like a dream
How does it, how does it
Seem very untrueIs it like a, is it like a
Is it like a dream
How does it, how does it
Seem very untrueOh until I dont know where you end and, I begin
Until I just, carry it in me
Carry it in me, carry it in me
I wanna get lost, wanna get lost
Wanna get lost, lost
