

# Lies

## Slaves

Lies, nothing but lies  
Hollow eyes, suits and ties  
Power comes at a price  
One mans hell, anothers paradise  
Games, nothing but games  
Pointing your fingers, whole towns in flames  
Helicopters, air strikes  
Blood on the pavements and heads on spikes  
Stabborn signs of life in the factory of death  
In the shadow of the city we have get nothing left  
Crawling through the tunnels in the dead of the night  
You do as you are told although you know its not right  
Lies, nothing but lies  
Hollow eyes, suits and ties  
Time and time again  
Repetition, when will it end?
