

I Wanna Get Better (feat. Tinashe)

Bleachers

Hey, I hear the voice of a preacher from the back room
Calling my name and I follow just to find you
I trace the faith to a broken down television and put on the weather
And I've trained myself to give up on the past 'cause
I froze in time between hearses and caskets
Lost control when I panicked at the acid test I wanna get better While my friends were getting high and chasing
girls down parkway lines
I was losing my mind 'cause the love, the love, the love, the love, the love
That I gave wasted on a nice face
In a blaze of fear I put a helmet on a helmet
Counting seconds through the night and got carried away
So now I'm standing on the overpass screaming at the cars, Hey, I wanna get better! I didn't know I was lonely
'til I saw your face
I wanna get better, better, better, better,
I wanna get better
I didn't know I was broken 'til I wanted to change
I wanna get better, better, better, better,
I wanna get better I go up to my room and there's girls on the ceiling
Cut out their pictures and I chase that feeling
Of an eighteen year old who didn't know what loss was Now I'm a stranger And I miss the days of a life still
permanent
Mourn the years before I got carried away
So now I'm staring at the interstate screaming at myself, Hey, I wanna get better! I didn't know I was lonely 'til I
saw your face
I wanna get better, better, better, better,
I wanna get better
I didn't know I was broken 'til I wanted to change
I wanna get better, better, better, better,
I wanna get better Better, 'cause I'm sleeping in the back of a taxi
I'm screaming from my bedroom window
Even if its gonna kill me Woke up this morning early before my family
From this dream where she was trying to show me
How a life can move from the darkness
She said to get better So I put a bullet where I shoulda put a helmet
And I crash my car 'cause I wanna get carried away
That's why I'm standing on the overpass screaming at myself Hey, I wanna get better! I didn't know I was lonely
'til I saw your face
I wanna get better, better, better, better,
I wanna get better

I didn't know I was broken 'til I wanted to change
I wanna get better, better, better, better,
I wanna get better
