Suck It Up

Bloodsimple

Retribution is a pleasure
We won't beat your fucking hate
I've been looking around
Some people can't be found
It seem they are locked in a solitudeIt's hard to get by
All the head full of doubt
To take possible positive attitudeHeart scarred on the top
All clawed is lifeIt's a fight to the top of the system son
So suck it up and be a man before your vision is deadRetribution is a pleasure
We won't beat your fucking hate
All though the faces may change
The song remains the sameIs how you deal with the gratitude
Always get kicks in the blood when begin
And I will show all you folks how it is to loseHeart scarred on the top
All clawed is lifeIt's a fight to the top of the system son
So suck it up and be a man before your vision is dead
Before it's deadNo, it's gone
No, no, no, noI'm feeling right, I'm feeling fine
I know I'm the motherfucking suicide
I'm feeling right, I'm feeling fine
I know I'm the motherfucking suicideSuck it, suck it up
Suck it, suck it up
Suck it, suck it up
Suck it, suck it, suckOne, two, one, two, three, four
