Bleeding

Celeste Buckingham

I don't mean to be mean
I don't wanna a start I fire
I don't wanna fight you but aren't you a liar
I don't wanna be the man in black no I am not fighter
I don't wanna be your enemy but I just can't get higherAnd yes I'll try to use you like your using me
Now that I know I need that sensuality
And yes I'll try to use you like your using me
Now that I know I need you for me to breatheNo it's not no it's not
It's not a way your hands control me
It's not a way I say I want you in my ear
You got me hooked I think you know
When you love me I just start to lose control
I find myself bleeding out for youI know you don't love me cause you never said the words
But baby I just miss you and I love so much this hurts
I don't mean to critisize but there's nothing left to love
No I cannot sympathize in fact I've had enoughAnd yes I'll try to use you like your using me
Now that I know I need that sensuality
And yes I'll try to use you like your using me
Now that I know I need you for me to breatheNo it's not no it's not
It's not a way your hands control me
It's not a way I say I want you in my earYou got me hooked I think you know
When you love me I just start to lose control
I find myself bleeding out for youI'm bleeding I'm fading but I keep on holding on
dependant defendant
but you still do whatever you wantAnd yes I'll try to use you like your using me
Now that I know I need that sensuality
And yes I'll try to use you like your using me
Now that I know I need you for me to breatheNo it's not no it's not
It's not a way your hands control me
It's not a way I say I want you in my ear
