

The Ocean (Reprise)

Ultimate Painting

Outside when, when we were young
Playing for two, drying in the sun
Take a deep breath, into the ocean
Endless sort of day, playing in slow motion
Way back when, in the back of your car
Windows down, music traveling so far
So far, so far

Take a deep breath, into the ocean
Endless sort of day, playing in slow motion
On the beach, break away
Summer nights, summer days
Long hair turning blonde
Staying out in the sun
Take a deep breath, into the ocean
Endless summer day, playing in slow motion
Take a deep breath, into the ocean
Endless summer day, playing in slow motion
