

Ba Bump

Black Eyed Peas

Hey, this is the beat that make you shake your rump
That make your booty go ba-bump, ba-bump
Its that beat that make ya bump ya bump
Yea, just do what you want Up in the club just do what you want
Get into it baby, get off your stump
Girlies on the dance floor wiggle your fronts
We got rhymes that always triumph This is the beat that make ya bump ya bump
Shake your rump rump, suga shake your rump
It's that beat that make ya bump ya bump
Known to give little booties little bit of hump, thanks And if you got boobies baby keep 'em all plump
And if you got blunts s-smoke 'em if you want
Got a 6-4, get pumpin' in your trunk
'Cuz we got beats that been boomin' like Yea nigga, dont front
'Cuz this beat got you running just like Gump
Run Forrest, bump ya bump
And if you got money fellas keep it like Trump Fellas, huh, whip out your money
Go get a honey and buy 'er what she want
Take her to the bar and try to get her drunk
But if the girls ugly then get drunk This that beat that make ya get drunk
Its that beat that make ya bump ya bump
I give you what ya want Hey, hey, hey
Hey, hey, hey
Hey, hey, hey
Hey, hey, hey B to the U, to the M to the P
Thats what we gave ya 'cuz thats what you need
B to the E, to the P make it bump
I give you what you want I come with rhymes
That are dangerous like stunts, yea
Keep the girls screaming just like trumpets, yea
Keep the hips, smashing like pumpkins Get ya drunk like its too, too much consumption
Don't assume, theres no room for assumption
We the crew that keep the phunk just phunking
The bump just ba-ba-ba, ba-ba-bumping We give ya what you want
Some that thing, li'l some one of
Just like your mamma nigga this beats Chunky
Look I'ma be real blunt We punch up cops, no, we dont get punkd
Never staged near the dragon, we keep it on jump
If youre askin, its the year of the Monkey
So ba-bump, ba-bump do what you want Up in the club just do what you want

Give it to me baby, yea, get off your stump
Brothers on the floor just wiggle your front
'Cuz we got rhymes that always triumph, huhGot blunts s-smoke 'em if you want
This that beat that make ya, you know the rest
Its that beat that make ya bump ya bump
Ill give ya what you want, come onHey, hey, hey
Hey, hey, hey
Hey, hey, hey
Hey, hey, heyB to the U, to the M to the P
Thats what we gave ya 'cuz thats what you need
B to the E, to the P make it bumpThis is bumping, bumping, bumping, bumping
When its bumping in your trunk, it takes over me
This is bumping, bumping, bumping, bumping
(And this is real 'cuz I feel)
The ba-ba-bump, ba-bump, ba-bumpThis is bumping, bumping, bumping, bumping
When the base ba-bump, ba-bumps it takes over me
