Workaholic

MuÃ±oz

R - Ray, A - Anita
Okay, let's go to work!
The workaholic!
The workaholic!
The workaholic he works every day
24 hours, no time to play
He won't quit, he's addicted to work
I think he's going out like a jerk
Working, working, what can you do?
See the light from a different point of view!
Ready in the morning for the bell to chime
I think, he's glad it's working time!
The workaholic!
Work your body, baby work your soul!
Keep on workin' workin' to the bone!
Work your body, baby, work your soul
I'm a workaholic when I'm on the floor!

The workaholic!
First like a jerk, why you always work?
Messing up your mind with that paperwork?
The only thing is to break ball
Is working, yo and that's all
They do it for money but he for fun
He won't get away until the job is done
For drinkin', drinkin' like an alcoholic
The guy is just a workaholic!
The workaholic!
Work your body, baby work your soul!
Keep on workin' workin' to the bone!
Work your body, baby, work your soul
I'm a workaholic when I'm on the floor!
The workaholic!
The workaholic!
The workaholic!
