

# Syncn

## White Denim

I hear all their taunting  
I knew the sensation you mentioned  
I knew I had lost it  
I went back to learn

And I went back to the fort  
And I will watch you  
Days of better love  
And following you

My heart wasn't syncn x4

I knew I had lost it  
I went back to learn  
And I went back to the fort  
And I will watch you  
Days of better love  
And following you

My heart wasn't syncn x4

Lalalala la, lalala la x3  
Lalalala la la, lala la x2  
Lalalala la, lalala la x3
