

Syncn

White Denim

I hear all their taunting
I knew the sensation you mentioned
I knew I had lost it
I went back to learn

And I went back to the fort
And I will watch you
Days of better love
And following you

My heart wasn't syncn x4

I knew I had lost it
I went back to learn
And I went back to the fort
And I will watch you
Days of better love
And following you

My heart wasn't syncn x4

Lalalala la, lalala la x3
Lalalala la la, lala la x2
Lalalala la, lalala la x3
