One Good Reason

Taryn Scali

I remember all the fights
And all the lonely nights
You would leave me in the dust
To hang out with the boys

I remember all the times
I tried to give you love
You were pushing me away
You did not appreciate

All the things I did for you
You were just too cool
You threw me to the side
Like a non claimed carnival prize

And now youâ€™re crying to me
Saying ooo baby please
Wonâ€™t you come back to my home
Now that youâ€™re feeling all alone

Give me one good reason
Why I should come back to you
When you made me cry
And you treated me so cruel

Give me one good reason
Why I should come back to you
When you lied to me
And you played me for a fool

Iâ€™m trying to forget
All the heartache and the stress
You always made me feel
My love for you was real

Iâ€™m trying to erase
How love turned into hate
But I canâ€™t forget the past
And I canâ€™t sing all the facts

Oh once upon a time
I was crazy about you
But I donâ€™t remember how
Youâ€™re trying to convince me now

And now youâ€™re crying to me
Saying ooo baby please
Wonâ€™t you come back to my home
Now that youâ€™re feeling all alone

Give me one good reason
Why I should come back to you
When you made me cry
And you treated me so cruel

Give me one good reason
Why I should come back to you
When you lied to me
And you played me for a fool

Give me one good reason
Why I should come back to you
When you made me cry
And you treated me so cruel

Give me one good reason
Why I should come back to you
When you lied to me
And you played me for a fool
