

I Do My Cryin' At Night

Rhonda Vincent

Darlin', I've got all our friends believin'
That I'm glad to have you out of my sight
I laugh all day long and say I'm glad you're gone
But I do my crying at night I do my cryin' at night
To keep all my heartaches out of sight
It only takes the moon to make me change my tune
I do my cryin' at night You're the missing star in my blue heaven
That's why the darkness always makes me cry
There's a hole in my sky and a big tear in my eye
I do my cryin' at night I do my cryin' at night
To keep all my heartaches out of sight
It only takes the moon to make me change my tune
I do my cryin' at night, I do my cryin' at night
