

# Dirty Shirt

## Metz

Ronnie wasn't much on the thought of a coat and tie  
'Cause they ain't much good to a man  
Wearin' steel-toed boots from eight to five  
He's been known to pop the top on a brew  
He came off a little rough sometimes, but folks that know him knew  
If you can look past a dirty shirt  
See beyond greasy hands  
You'll find a heart hard at work  
In a damn good man  
Army green seemed to suit him more than college life  
Well, that's what his old man did and he turned out alright  
He never got him that great big house or fancy car  
But ya'll, it ain't the neighborhood you're in, it's the neighbor that you are  
And if you can look past a dirty shirt  
See beyond greasy hands  
You'll find a heart hard at work  
In a damn good man  
He's got scars and an angel on his arm, he got in Saigon in '65  
To most folks he ain't nothin' more  
Than the ol' boy on the corner changin' tires  
But if you look past a dirty shirt  
See beyond the greasy hands  
You're gonna find a heart hard at work  
Yeah, if you can look past a dirty shirt  
See beyond greasy hands  
You'll find a heart hard at work  
In a damn good man  
Kinda like my Dad
