## What Is Rock?!

## **Turbonegro**

Advisory - the following lyrics contain explicit language:

What is rock?

Rock is the area between the balls

And the anus of a dom or other man

What is rock?

Rock is the possibility of choking on your own vomit

In the back of a rapist's vanWhat is rock?

Denim clad satanists making love

In the sewers of Birmingham during Maggie Thatchers prime

What is Rock?

Rock is meeting the grim reaper

In a sports arena stampede at the tender age of nineWe keep on trucking why, oh why?

Spreading like cancer my, oh myWhat is rock?

Backwards messages to boys and girls

To bring machines guns to the schools

What is rock?

No, I'm not talking about Canadian producer

And 5th Metallica Bob Rock, you foolWhat is rock?

Oh AC/DC, Cleveland, Ohio, well basically it's harder, heavier

And slightly more blues based than pop

What is rock?

Historians keep nagging about Fun House

But me? I think Kill City is where it's at After decades of Indian house

6 cats from Oslo killed the mouseWe saved rock 'n' roll all on our own

And forced the toll on rock 'n' roll

We saved rock 'n' roll with our bare hands

We saved that god damned rock 'n' roll, so skullBut it ain't for free, we gotta group, there are our employees

They need to be catered, got their own nice bus

They got worthy lives, thanks to usAnd this wait at the airport to pick up my bags

Feeling so tired, I could lay down and die

Runes walking on stage and plays the wrong chord

Roadies laughing so hard, they're wiping their eyesMany of them skilled musicians, multiracial and tattooed But we're the main attraction

Goddamn it, those guys ain't got a clueAfter the show sometimes we Friday nights

Together in the talk back lounge

Pat each others shoulders try to groove on a feeling

Digging the old school soundsWe ride and ride into the night

And the temperature's getting hot

But somehow the chemistry's ain't that right

'Cause we're doing blow and they smoke potWe saved rock 'n' roll all on our own

And forced the toll on rock 'n' roll

We saved rock 'n' roll with our bare hands

We saved that god damned rock 'n' rollWhere do we go from here, what can we do?

We can go left, we can go right or you can go down on me

What are we doing here? What's important in life?

My generation? My wife? Wow, what is rock? I don't careWhere's the cash, where's the cash?

The money, the money, the money, money

Where's the cash, where's the cash?

The money, the money, money, money Where's the cash, where's the cash?

The money, the money, the money, money

Where's the cash, where's the cash?

The money, the money, the money, money money, money the money, the money, money money

The money, the money, the money, money

The money, the money, the money, money
