

Stay Awake

[Josh Kelley](#)

I could fall in love with you
But it's not my fault
'Cause you are the prettiest thing I've seen
When you're fallen asleep in my arms
Oh my, oh my, oh my So just stay awake for me
'Cause I can't fall asleep
So just stay awake for me
I'll give you anything
To just stay awake, make love to me So maybe all you'll ever need
Is right inside these arms
Whole and you're so dam tired and conditional
As you're fallen asleep in the dark
Oh I, oh my, oh my So just stay awake for me
'Cause I can't fall asleep
So just stay awake for me
I'll give you anything
To just stay awake, make love to me There's nothing I won't try
To keep your body close to mine
And baby hold on tight
It's a will open ride
Give me all you got tonight
And stay awake with me, stay awake Give it all you got So just stay awake for me
'Cause I can't fall asleep
So just stay awake for me
I'll give you anything
To just stay awake, make love to me
Oh, just stay awake make love to me Make love to me
Make love to me
Make love to me
