Alibi

Cindergarden

Unmasked portals
Still connecting
Uncover the ending till it bleeds till it bleedsYou don't need an alibi
I'm the one that lives a lieRitualized fictionalize
Confess your sins to our crippled god
Lie detector test tube morals
Face the truth compromisedYou don't need an alibi
I'm the one that lives a lieResistance levels fading
who can turn me around now
chemical defacing
where I am to here I comeHypno science
Trapped inside
Worship matter
Praise the whoreYou don't need an alibi
I'm the one that lives a lieWho can turn me around now
Who can turn me around now
From where I am to here I come
Who can turn me around now
From where I am to here I come
