Dogs Out

Dmx

This is dedicated to
This is dedicated to
The streets
This is dedicated to
And the dog is out, arf arf arf arf
And the dog is out, arf arf arf arf
And the dog is out, arf arf arf arf
It's just D
And the dog is out
Started gettin' a little too big for the cage that I been trapped in
Cats new it was a problem, went from robbin' to rappin'
Guns got the clappin', another trip to the morgue
We all know why it's happenin', another bit by the dog
When there's nothin' left to eat, I ate away at my soul
Felt destructive 'cause I don't give a fuck if I go
I know y'all been told I don't give a fuck about livin'
Killin' other dogs, got you cats chasin' bitches
Got me itchin' to bring back the beast from within
What I catch I'ma eat, in the streets I'ma win
I've been top dog and I'ma gonna stay top dog
So what the fuck you got to say dog?
You cats play games that dog ain't with
Suck my dick, behind my back dog ain't shit
Well this is it, from now on if you ain't out the camp
We out to clamp, put 'em up against the champ
You bitch
And the dog is out, arf arf arf arf
And the dog is out, arf arf arf arf
And the dog is out, arf arf arf arf
It's just D
And the dog is out, c'mon c'mon
And the dog is out, arf arf arf arf
And the dog is out, arf arf arf arf
And the dog is out, arf arf arf arf
It's just D
And the dog is out, c'mon c'mon
I don't think you cats see too clearly
If it ain't that you must be deaf
'Cause y'all niggaz don't hear me

But I know I got you scared to death
How many other niggaz you know
When you see 'em make you hold your breath?
All a nigga did was take a pause
Did a couple of movies and you thought
This whole rap shit was yours?
Stop being greedy
When was the last time you gave to the needy?
Believe me, I run through niggaz
Like hallways with the cops behind
Give it to a nigga all day cause I pops the nine
Man listen, if you don't wanna see your man missin'
Man listen, I get dough like a nigga in a up north flick
And still roll like a nigga on some up north shit
The way dog flip out, cats'll never understand
Niggaz be like "X, I thought I was your man!"
Not!
And the dog is out, arf arf arf arf
And the dog is out, arf arf arf arf
And the dog is out, arf arf arf arf
It's just D
And the dog is out, c'mon c'mon
This is dedicated to
This is dedicated to
The streets
This is dedicated to
My dogs, is dogs that love to brawl
Bring as many as you got cause we gon fuck 'em all
Dick sucked in the hall
The same shorty thats puttin' any work on her knees
I'm duckin' her call
A dog is a dog, is a dog for life
Dog been a dog, dogging your wife
I got kids this age
But let 'em keep talkin' slick
And I'm gon' put somethin' hot up in his ribcage
And the dog is out, arf arf arf arf
And the dog is out, arf arf arf arf
And the dog is out, arf arf arf arf
It's just D
And the dog is out, c'mon c'mon
And the dog is out, arf arf arf arf
And the dog is out, arf arf arf arf
And the dog is out, arf arf arf arf
It's just D

And the dog is out, c'mon c'mon
And the dog is out, arf arf arf arf
And the dog is out, arf arf arf arf
And the dog is out, arf arf arf arf
It's just D
And the dog is out, c'mon c'mon
And the dog is out
And the dog is out
And the dog is out
It's just D
And the dog is out
When the dog is out
Bitch ass niggaz get bit or fucked
One of the two, and I'm not Ja Rule
Feel me? Aight
And the dog is out
And the dog is out
And the dog is out
It's just D
And the dog is out
