Beautiful

Plankeye

You share her with me yesterday
So close, yet so far away
It's the little things she does
That magnify Your graceAnd Your grace resonates in my soul
Every time I see her faceAt Your feet I lay her down
Humbly before You I bow
She's a blessing,You've given to me
Father of lightThe lines have fallen in pleasant places
Many daughters have done well
And You excel them all, protect her
And mold her with Your handsYou've been good to me my sweet
And Your grace resonates in my soul
Every time I see her face
You have been a shelter, Lord
She has been my dreamAt Your feet I lay her down
Humbly before You I bow
She's the blessing, You've given to me
Father of lightBeautiful, beautiful
I feel Your grace abound on me
In the light, in the light, in the lightAt Your feet I lay her down
Humbly before You I bow
She's the blessing, You've given to me
Father of light
