

In Your Face

Children of Bodom

GO! Conflict, terror, hear the noise.
You're on the edge of a nerve-racking force.
Oh, my god, here's the fight.
Never siege, never riot, must defy. Well look at me, what do you see?
Another trophy, a living fucking dead beat
Close your eyes, take a step with me
You're soft.. no time to waste! Insanity and abnormality
Careful what you call reality.
What you will, always want,
it was the day that you should die! I don't give a flying fuck motherfucker!
I don't give a flying fuck motherfucker!
I don't give a flying,
I don't give a flying,
I don't give a flying FUCK! I'll never wait for another pain of death!
With the bullet in my gun and don't fuck over my shit!
Can you hold my crazy as I go?
So fuck hypocrisy and fuck you too! INCOMING! Say one, more word, I double dare you (bring it on)
It's my world, you're in it, it'll take you down in a minute
You can alter your look, diversify your age.
But the truth, seems like, a bitch slap in your face! Well look at me, what do you see?
Another trophy, a living fucking dead beat
Close your eyes, take a step with me
You're soft.. it's no time to waste! Insanity and Abnormality
Careful what you call reality
What you will always want,
The one thing i want you to know! I don't give a flying fuck motherfucker!
I don't give a flying fuck motherfucker!
I don't give a flying,
I don't give a flying,
I don't give a flying FUCK! INCOMING! Say one, more word
I double dare you, BRING IT ON!
It's my world, you're in it
It'll take you down in a minute You can alter your look
Diversify your age
But the truth seems like
A bitch slap in your face INCOMING!
