

French Song

[Kate Walsh](#)

I'll sit here and watch you
I'll just sit back and watch you
Don't wait for love, won't wait for you
Just speak so softly I'll break down Won't you be the one?
Won't you be the one?
Won't you be the one
That I'm waiting for? So I, I just sit back and wait for you
I, I just sit back and wait for you
Don't be no fool when your heart beats
Won't you open my arms? Won't you wake me? Won't you be the one?
Won't you be the one?
Won't you be the one
That I'm waiting for? Ooh Oh, won't you just keep watching me?
Oh, won't you just keep watching me?
Oh, won't you just keep watching me?
