Think of Me

Tracy Lawrence

First year med tech, 2 AM
On the graveyard shift a call comes in, a senseless killin'
Blue lights flashin', white chalk line
I still get queasy but I'll be fine, the good Lord willin'Well I searched my heart
But I don't have a clue

For the evil that men doSo think of me while you're safe at home tonight
You think of me while you hold your loved ones tight
I'm someone you might never need but before you drift off to sleep
When you pray the Lord a soul to keep, think of meMidnight, back of a high school gym
The drug dealers think I'm one of them, their new connection
Car trunk opens, the deal goes down

The cops take a risk on this side of town with no protectionMy throat goes dry

At all that I could loose

If I make one wrong moveSo think of me while you're safe at home tonight
And think of me while you hold your loved ones tight
I'm someone you might never need but before you drift off to sleep

When you pray the Lord a soul to keep, think of meWell I'm climbing the stairs in a warehouse fire

Well I'm savin' a child from what's left of a car

Jumpin' out of the chopper so a sailor survives

Well I'm flyin' a fighter jet up to the starsWell I'm someone you might never need

But before you drift off to sleep

When you pray the Lord a soul to keep, think of me Woah think of me, woah, woah think of me
